

**YOU'RE INVITED** to help inspire our next generation of scientists and engineers!

We're looking for business sponsors for this year's *FIRST* LEGO League Qualifier Tournaments.

*FIRST* LEGO League was designed to teach the skills that employers are searching for: critical thinking, teamwork, communication, and a great work ethic.

The tournament is a culmination of nearly four months of research, practice, and persistence. Each event will bring together nearly 200 elementary and middle school students, over one hundred spectators, and about sixty volunteers from around your region for an action-packed day. Your support will help us make it the celebration that these hard-working teams deserve!
