

## **First Lego League Challenge**

- The competition will consist of the **technical presentation** of your robot design, the **research presentation**, the **challenge missions** and **teamwork/FLL values**.
- With the help of a coach, teams will come up with a meeting time/schedule that suits the needs of those on the team. Expect to put in at least a couple of hours a week with your project!

### **Sign Me Up!**

**First and Last NAME:**

**Homeroom:**

**Name 2 other FLL members that you would like as teammates. (We will try to pair you with at least ONE of these members) Please include first and last names!**

1.

2.

**There are many different aspects of the FLL Challenge. Please list 2 or 3 strengths that you have that would benefit a team. (programming, research skills, community contacts, presentation skills, computer skills, etc.)**

1.

2.

3.

**We hope to finalize teams and get started with project next Wednesday, September 26!**
