Member Questions and Comments:

- Prisila Sellers, Northstar Senior Living, representing Riverview Senior Living in Juneau, commented that they are looking to be a community support to assist elders with resources that may or may not lead them to placement in the Riverview community. She also invited SREC to participate in a caregiver support group conducted nationwide by Northstar Senior Living. They have professional counseling support

available at the meeting. Prisila will provide the link, and this will be shared with the Coalition for those who would like to participate.

- Ann Stepetin, T&H Elder Supports, made a good point for Summit planning that in October T&H will be taking several elders to Anchorage the third week of month. In addition, there are four significant holidays in November and the month is celebrated in honor of Native Heritage Month, thus it is a very active month for the community. She will attempt to work with Tonya Muldoon on participating in the Summit.
- Cameron Young explained that SERRC PATH Academy will provide the PATH Academy schedule to the Coalition and that they will come to communities that can't attend in Juneau.
- Tyler McNeil, Community Connections, asked if the SREC Coalition is registered to lobby. Marianne Mills, Program Director for Southeast Senior Services presented briefly on AGENet, which is a statewide group of providers and policy makers working together to lobby for additional funding for eldercare. Some of the partners include the Alaska Commission on Aging, Long Term Care Ombudsman's Office, and AARP. They are continuing to work to educate our legislative leadership regarding elder needs. AGENet's current lobbyist is Kevin Jardell, who lobbies the legislature in support of eldercare system needs. For more information, please contact Marianne Mills at [marianne.mills@ccsjuneau.org](mailto:marianne.mills@ccsjuneau.org) or go online to their website at [AGEnetAk.net](http://AGEnetAk.net). The SREC Coalition can offer support in lobbying efforts, and this will be stronger once the Charter is completed with signed agreements by agencies.

#### 5. Steering Committee Report – Erin Walker-Tolles

- a. The SREC Steering Committee held a working retreat on November 15, 2023, at which time they started a review of the Coalition Charter documents. The Charter is a document that describes the SREC Coalition purpose, structure, goals, and support agencies.
- b. When the Charter update is completed, it will be shared with Coalition members with a request to agree with the Charter by email or sign form. Having documentation of agreement and access to business logos helps to support actions by the SREC Coalition through the forms of letters and support for changes in the system.
- c. The annual election of the SREC Steering Committee leadership team was held during the retreat. Erin Walker-Tolles and Sharyl Yeisley will remain as cochairs. Sioux Douglas was elected as the Secretary.
- d. Special thanks to Deb Craig for all her hard work and wonderful organization skills while acting as Secretary for the last year and half. We all thank you!
- e. The Steering Committee supports the Summit and strongly encourages others to become involved. The event will have a regional focus as each SE community varies so greatly. It is important to have information and

feedback from all Southeast communities at the Summit and participation will be encouraged.
